The accounting line should be applied as follows for the Gold King Mine response:

2015 T 08L 303DC9 A8K9RV00

We do plan on cross funding travel, the cross-funding label will be activated in Concur by Cincinnati tomorrow morning.

Can we provide them whatever info that is appropriate tomorrow? Are we cross funding travel?

I'll need you help getting accounting set up for the Gold King Response. Perhaps we can get the SSID info from R8 to charge to. We'll need the accounting to get cross-funding in place for R10 OSCs that we've asked for.

On a bigger note, I guess we will need to activate the EOC to staff certain functions, like Finance, needed to cover these two responses; Nonresponsive and Gold King.
